Junior Naturalist Club Meets
September through December at Heritage Park

Enrich your child’s natural curiosity and encourage them to explore nature! Children will discover a different topic each month and gain an understanding of the natural world and their important role in helping to protect it. They will also get to touch, smell, see, and hear all there is to experience in the outdoors. Your child will earn a key chain badge for each class they attend; after earning three badges, they’ll get a prize!

Upcoming themes include:

- September 14: Water Wonders
- October 12: Outdoor Skills
- November 9: Animal Architects
- December 14: Evergreens
