

# Beautification Awards Nomination

The City of Farmington Hills Beautification Commission will once again recognize properties, in the categories listed below, that have been designed and maintained in with a special effort to create beautiful, welcoming, and sustainable landscapes.

The Commission will only judge properties that have been nominated. Yes, you can nominate yourself! Commissioners look for well-planned design, color, originality, and maintenance, with additional consideration for work done by non-professionals and environmental sensitivity. Businesses and organizations will be judged on public areas that visitors see when driving by or through (entrance, front of building, parking lot) and residential entries will be judged on the main property entrance.

The judging takes place in August and award winners will be recognized at a celebration this fall. More information to follow. **Nominations are due by July 10, 2023.**
