

The Public Art Program at The Hawk brings art into our daily lives, generates conversation and inspires guests to be creative. Initiated in 2021 to enhance and elevate the character of the newly renovated community center, this exhibit features work from 47 talented artists from Farmington Hills and surrounding communities.

Landscapes, portraiture, nature and animals are the main themes you will find in the 2025-2027 Public Art Program. The artwork is on loan to the City for two years. Some of the artwork was created at The Hawk in art classes offered in the 2<sup>nd</sup> Floor Art Studios. Most of the art is for sale and the city takes no commission for sales that result from being shown here. Farmington Hills City Hall also hosts a Public Art Program and a Rotating Exhibit Gallery. To purchase artwork or find more information about arts programming with the Cultural Arts Division of Farmington Hills Special Service Department, call 248-699-6709.
